NC17	<p>WiFi LAN 720P HD camera</p> <p>Basic camera set including alarm noti (motion detection)</p> <p>Indoor Wireless WiFi PTZ Camera 1MP; 720P; H.264 compression 10pcs IR LED, 8 meters distance; f:3.6, 6mm fixed lens; Pan:360°, Tilt:9 Support 1*RJ45 interface; Support 1*SD card slot, max64GB stc included);24 hours recording Power DC 5V 1A, 1,5 meters power c Mounting kit for HD indoor camera</p>	
DP10 pack	<p>GPRS WiFi Alarm Panel Package</p> <p>IOS/Android app remote control & monitor Support GSM GPRS, 1* SIM card slot and WiFi 802.11n</p> <p>Support RF connection, FSK 868Mhz, connect & control max 30 wireless sensors;</p> <p>Support call alert, SMS alert, max 3 group alarm number, support auto answer dial back;</p> <p>Settable touchkey function, Quick Arm in default, settable as Panic Button, Help Call, Cancel Alarm;</p> <p>Build-in high power siren, configurable interact with each sensor/ zone;</p> <p>Support monitoring zone scheduled arm/disarm, interact with camera to push visual alert;</p> <p>Anti-dismantling design, support auto detect breakdown and push alarm</p> <p>Coding button, support code learning paring with wireless sensors, or add wired sensor;</p> <p>Power DC 5V 1A, build-in 1200mAh rechargeable battery, low battery alarm Dimension:180*125*20mm</p> <p>Sensors 1*Wireless Door Sensor(ST03) 1*Wireless Motion Detector (ST12) 2*Remote Controller(ST82)</p>	
ST21	<p>GPRS WiFi Alarm Panel</p> <p>Basic set for alarmsystem</p> <p>Main panel to connect and control all sensors and additional devices, like cameras. 2G simslot + wifi built in Power DC 5V 1A, 1,5 meters power cord Built in siren and back up battery</p>	
ST03	<p>Wireless Door Sensor</p> <p>FSK 868Mhz frequency, effective range 20 meters; Eco-friendly rechargeable Li-battery, 1 year operation once charged, low battery autore minder; Support code learning; Support one-key arm; Transmission distance: 300M in open area Support code learning; one-key arm; alert delay</p>	

ST12	<p>Wireless Motion Detector (PIR)</p> <p>Low battery notification and anti-tamper function External adapter: DC5V Internal battery: 2 AAA battery Detection range: 6-8 meters Wireless frequency: 868MHz Transmission distance: 150 meters in open area Support code learning; one-key arm; alert delay</p>	
ST82	<p>Remote Control</p> <p>FSK 868Mhz frequency, effective range 20 meters; Support code learning; Support one-key arm/disarm, SOS button, remote alarm shutdown; Built-in button cell</p>	
ST71	<p>Wrist SOS Button</p> <p>FSK 868Mhz frequency, effective range 20 meters; Built-in button cell</p>	
ST91	<p>Wireless Siren</p> <p>FSK 868Mhz frequency, effective range 30 meters; Support code learning; Support configurable interactive with each sensor; Support alert delay; Support remote activate; Support backup Li-battery Alarm volume:≥95dB</p>	
ST31	<p>Wireless Power Socket</p> <p>FSK 868Mhz frequency, effective range 30 meters; Support remote control code learning; Support configurable interactive with each sensor; Support interaction delay; Support remote power on/off, support manual power on/off; Compatible with AC 110V~240V, 10A~16A</p>	
T8862	<p>Outdoor WiFi Bullet Camera</p> <p>1MP, 720P, H.264 compression; 2pcs IR LED, 20 meters IR distance; F:2.0, 3.6mm fixed lens; Support 1* RJ45 interface; Support 1* SD card slot, max 128Gb storage(not included) Package include: 1* power adaptor, 1* mounting bracket, 2* mounting screw, 1* WiFi antenna</p>	
N9209	<p>Network Video Recorder(NVR)</p> <p>8 channel, 720P, H.264 compression; Output: 1* HDMI, 1* VGA; Support dual stream; Support 1* SATA slot, max 6TB(not included) Interface: 1* RJ45, 2*USB 2.0 DC 12V 2A</p>	

FC01	<p>Outdoor WiFi Dome Camera with floodlight</p> <p>2MP, 1920x1080P, H.264 compression; 12-13W 650 lumen, 10 meters IR distance; F:1/2.7CMOS, 3.6mm fixed lens; IR cut With built-in PIR motion detector Support 1* RJ45 interface; Support 1* SD card slot, max 64Gb storage(not included), 24 hours recording Package include: 1* power adaptor, 1* mounting bracket, 2* mounting screw, 1* WiFi antenna</p>	
OC01	<p>Outdoor WiFi Dome Camera</p> <p>2MP, 1920x1080P, H.264 compression; 24pcs IR LED, 20 meters IR distance; F:1/2.7CMOS, 3.6mm fixed lens; IR cut Support 1* RJ45 interface; Support 1* SD card slot, max 64Gb storage(not included), 24 hours recording Package include: 1* power adaptor, 1* mounting bracket, 2* mounting screw, 1* Built in WiFi antenna</p>	
	<p>Warranty & Service</p> <p>Remote tech support; Local support Products warranty (from shipment date)</p>	<p>2 years</p>

Payment Terms:	100% in advance
Production time	4-6 weeks after payment received
Warranty	12 months
Branding	HalsecaVision HALSECAVISION

	<p>Smart Alarm Panel</p> <p>view current system arming state, device service and alarms; view 60 days of system event history; turn on e-mail and text-message notifications for arming, disarming, alarm and system events; customers can log in and control their systems through IOS or Android APP.</p>
	<p>Web-based Smart Home</p> <p>Web-based Application and push notification service user can get the push notifications of alarm and device services users can monitor smart socket power on/off state, user can schedule, activate and inactivate smart socket through the application remotely to power on/ off devices like air conditioner, lights, gas valve etc.</p>

	<p>Smart Video Alarm System</p> <p>customers can view live video 24/7 day and night through APP remotely. customers can monitor current residential status through APP when receive notifications with photo and video pushed from cloud storage.</p>
	<p>Web-based Live Alarm Center</p> <p>Service company account, company information and service management User account apply and register, user information management Realtime alarm notification, video, alarm record and user location Device status, operation, service log Multi-channel video screen software Live Alarm Center service report can be checked in user APP Alarm history report can be exported as Excel file</p>
	<p>Private Security Service Server</p> <p>Private server based live alarm center Users and devices management Department and guard information management Guards working schedule and monitor Dispatch alarm task, guide guard with smart route planning and report task log by mobile APP for guards</p>
